

# YOUTH PARTNER PROGRAM

The Atlanta United Youth Partner Program was created to provide a unified platform for us all to celebrate the game and our unwavering commitment to the development of youth soccer players. To achieve these goals, we seek to provide clubs with unique opportunities to see professional soccer up close, to create fun and memorable team building experiences, and most importantly, to celebrate soccer development in a unified way across the Southeast. Clubs will have opportunities to be recognized for player development and club support, attend games, be on the pitch, interact with players, and many other unique experiences.

Atlanta United would like to recognize clubs as key stakeholders in the development of the next generation of elite players. Together, we will raise the bar for youth soccer across the state of Georgia. **IT'S NOT A BANDWAGON. IT'S A FREIGHT TRAIN.**
